ClinNet

The Best Choice in Healthcare...

...Information Systems

With its 21 fully integrated modules, ClinNet™ allows customers to accomplish results that would be impossible with many other systems currently in the marketplace.

ClinNet™ is a comprehensive suite of HIS solutions that streamlines both clinical and financial operations. ClinNet™ provides supreme value, while delivering unmatched functionality, integration and ease-of-use.

SabiaMed is a local software development company specializing in Hospital Information Systems. ClinNet™ is SabiaMed's flagship solution. It is designed and developed by a dedicated task group of physicians, nurses, healthcare administrators and system developers committed to delivering the best solution in the market.
